

This month's spotlight is on

## Dr. Jackie Gilbertson

This month's spotlight readily admits to being an animal lover. Dr. Jackie Gilbertson, a licensed psychologist, claims her hobbies are horses and her miniature donkey. With the warmer weather approaching, Jackie will soon be trail riding and showing her paint horse at local horse shows.

It is this enthusiasm for her hobby, combined with a love of her job, that led Jackie to work with horses as a tool to facilitate growth at Eagles Ride, Inc.

When not working with horses, Jackie has a private practice at 3202 W. Main in Rapid City. She's been in the local area for six years, practicing for 15 years in her hometown of Sioux Falls before that.

"Professionally, I work primarily with women to facilitate their growth through exploration and change," she says. "I have a special interest in women in transition, depression, anxiety and eating disorders."

Jackie has a 16-year-old daughter who shares her mom's love of horses and music. The Stevens High School sophomore is an accomplished viola player and was chosen for All-State Orchestra this fall.
